

Beauty Chats By Edna Kent Forbes

Do You Frown?

Do you frown? Aside from the physiological effect which frowning has upon yourself and your family, it is one of the worst facial habits a woman could develop. It will add ten years to her physical appearance and twenty to her temper.

Frowning brings to its wake a series of deeply-etched wrinkles which the most assiduous care will not eradicate. The wrinkles of coming old age can be delayed for many years by such physical treatments as skin foods, massage and astringents. The purpose of these, of course, is simply to feed the drying skin and to remove the dead skin cells. But wrinkles are really not effective treatments for wrinkles. They are caused by frowning, because in this case you are constantly etching in new lines faster than you can rub them out.

There are two distinct sets of wrinkles that come in the wake of frowning. There are the lines caused by wrinkling up the forehead as a result of eye strain. These are not as bad as the wrinkles from the ill-tempered frown. For in this latter case the lines curve themselves so as to produce a repulsive unpleasant expression.

And all the cold cream in the world will not smooth these out. There is only one thing you can do—Smile when you intend to frown.

Questions and Answers.

Sad Hearted Wife—I think your trouble is that you belong to the type known as the clinging vine, not financially but temperamentally. You would be a little more self-reliant in disposition, make your own friends and live your own life. It is undoubtedly as possible, of course, no outside person could advise you about re-

Here's a bad habit.

maintaining with your husband or lover. This is always a matter.

BILL, COME HERE AND LOOK OUT FOR THE TRICK LION, WHILE I GO GET A CIGAR!

AND HE DID—

that the woman must decide for herself.

Brown Eyes—It would not hurt if you had a red, red, red diet until you lost at least 15 pounds.

Winters First Wedge

It was Joseph, in the Scriptures, who wore a coat of many colors.

The three colors of the French flag (the tri-color) are red, white and blue.

Tom Thumb was a famous mid-dle-sized man who was celebrated for many years by P. T. Barnum, the showman. He was called because he was said to be "no bigger than a thumb."

Gertrude Atherton is a celebrated American novelist.

A crow is a bird of the crow or raven family.

A wrench is a name applied in Portland to a girl of humble origin and position.

The four cents used in the minting of United States coins are gold, silver, nickel alloy and copper alloy.

New questions.

1.—For what peculiar trait is the ostrich distinguished?

2.—What is alkali?

3.—Who was William P. Cody?

4.—What is the final word in the expression, "bitter as—"

5.—Who wrote "The Battle Hymn of the Republic?"

6.—A planet is sometimes said to be "invisible."

7.—What is a Marathon and why so called?

8.—Who are the Krupp?

9.—Where is Blumentown?

10.—Name a famous service, 445 Fourth avenue, New York City, Justin Fair, Originator.

GEORGIA NEGRO LYNCHED FOR ATTACK ON WOMAN

Macon, Ga., Nov. 2.—Paul Jones, a negro, accused of attacking a white woman near the site of Camp Harris Sunday afternoon, was burned to death by a mob at the scene of the crime shortly after midnight.

ATTRACTIVE BUYS
—IN THE—
Homer-Bull Bayou Field

There have been some wonderful—yes sensational—developments during the past week. The dollar stocks will soon be two dollar stocks—regardless of the "bears"—These sensational wells on adjoining properties are bound to send the nearby stocks soaring. This last week one of the biggest gushers in the history of the oil world at its depth—2800 feet—was brought in in the Homer field. This well is less than one half a mile from where the TEXAS HOMER COMPANY are to drill, and not over a mile from the HOMER UNION COMPANY'S valuable holdings.

News comes to us today of a sensational 12,000 barrel well at 1150 feet, known as the Texas Company's Longview well, in Section 22, in this same section HOMER UNION has valuable holdings, and on the strength of this well alone this stock is worth double its present selling price.

Then again the Standard Oil Company has a well on the sand and is setting casing on property adjacent to the TEXAS HOMER COMPANY'S tract in Section 17. On the bringing in of this well, TEXAS HOMER should go soaring.

In the Bull Bayou field the latest sensation is provided today—and this news comes to us hot off the Western Union wires—with the announcement of the bringing in of Robertson No. 1 at Bull Bayou reported to be flowing 6000 barrels. This news is of particular interest to TEXAS HOMER people who are to drill on their 12 acre tract in this field. The stock of the BULL BAYOU HOMER OIL COMPANY is also favorably affected by the bringing in of this well on account of their nearby holdings. This stock has had a wide market through Arizona, New Mexico and through the state of Colorado. The stock of BULL BAYOU-HOMER is reported to be over-subscribed.

We Offer Subject—

(In 10, 20 and 30 share lots only)

HOMER UNION \$1.85

BULL BAYOU-HOMER OIL \$1.00

TEXAS HOMER \$7.00

(Note: In combination we will sell the three stocks listed above at \$1.00 a share.)

Homer Union

We have placed with our clients—just as we have with the other SMITH-PORTERFIELD issues—more of HOMER UNION stock than probably all other brokers combined. We have urged clients to buy HOMER UNION because there is no question in our mind that the SMITH-PORTERFIELD interests will give the stockholders their very best endeavor to place this stock in the same favorable class where they have already placed RANGER CENTRAL, SILVER CYCLE, and OCEAN.

Bull Bayou-Homer Oil

Just a word as to this stock—This company has valuable holdings in the Bull Bayou and Homer fields, already has production with one well, the flow of which should be increased materially when it is drilled into the sand. It is a good buy at \$1.00, and it is impossible to pick up any substantial blocks of the stock at this price.

Texas Homer

This stock promises to be one of the most sensational stocks from a market standpoint ever put out or recommended by Dunbar & Company. NOW seems to be the psychological moment to buy all you can possibly get, for the STANDARD OIL COMPANY has a well on the sand on an adjacent property to TEXAS HOMER in Block 17. The STANDARD OIL COMPANY and the TEXAS COMPANY have bought up all the property that can be obtained around TEXAS HOMER, a pretty good augury as to the value of this territory. Furthermore, the TEXAS HOMER OIL COMPANY is now preparing to drill on their full five acre tract in the heart of the sensational production of the Homer field. The company also plans to drill on their 12 acre tract in the sensational part of the Bull Bayou field.

We have—just off the press—a township map of the Bull-Bayou field, which all stockholders or anyone interested in this field should have. This map will be sent free to anyone upon request. USE THE WIRE AT OUR OFFICE IN ORDERING STOCK AND FOLLOW WITH WIRE REPLY.

We Sold Homer Union, Ocean and Ranger Central To Thousands of Satisfied Customers

ALL OF YOU HAVE MADE MONEY, and we feel that we can SAFELY RECOMMEND THIS AS another REAL GOOD ONE. This one will be a BIG SUCCESS and it is only a matter of a few days until it will be subscribed. GET YOURS NOW.

TEXAS PETROLEUM COMPANY

This sensational company does not confine itself to one field, but has acreage close to all three of the GULFHER fields. Think of it. Ten acres west of the Ocean well in Eastland county, 2 acres off-lying the Comanche Chief No. 1, in Creek county, and 20 acres in the sensational Louisiana Homer field—effecting the 7000 barrel well at the Gulf production Company—and the Texas Co.'s big producer is only 250 feet away. Besides this they have 5000 acres in the semi-proven fields. Send your order in at once for this stock. Don't wait until it is over-subscribed like so many old oil companies. We have returned thousands of dollars on this and other stocks because the public waited. It don't pay to wait. DO IT NOW. WRITE OR WIRE FOR RESERVATION AND SEND MONEY by next mail.

OIL

The oil pulse of the Southwest is shown by the quick financing of the Homer Union Petroleum Company.

Oil is the greatest factor in our present day life. Companies honestly managed on a firm business basis by experienced oil men, confer a real benefit.

New and additional wealth not heretofore existing can be created by honest enterprise.

Homer Union represents the good in oil.

A GOING AND GROWING CONCERN

STABLE AND DEPENDABLE

The Smith-Porterfield interests back Homer Union—they are also the powers behind Ocean and Ranger Central.

Note—Homer Union's books will not be opened for transfer until November 10th.
